

PARASURE

Type 6 Self-Adhesive Indicator

7 minutes at 134°C

- Conforms to ISO 11140-1:2014
- Specifically calibrated to 7 minutes at 134°C
- Monitors Time, Steam & Temperature
- Easy to interpret results
- Small, compact design
- Self-adhesive - easy to record
- UDI numbered
- CE Marked

The ParaSure Type 6 emulating chemical indicators offer the highest level of proof of the achievement of sterility assurance and are specifically calibrated to the cycle requirements of 134°C for 7 minutes.

The indicators offer validated security that every tray or item has been effectively processed, thereby providing a direct link between the sterility of the items and the patient.

A clear colour change and self-adhesive backing ensure results which are easy to interpret and to record.
